## Mid North Coast Crunch & Sip Grant Application Form

### ABOUT THE MID NORTH COAST CRUNCH & SIP GRANTS

To assist schools to implement Crunch& Sip in an equitable and sustainable way, your local Crunch & Sip Support Officers, with the support of the Mid North Coast Local Health District, are offering \$400 grants (in the form of Bunnings vouchers) for schools to purchase equipment and plants to build a fruit and/or vegetable garden, or to expand on their existing garden.

Bunnings Activities Officers in Port Macquarie, Kempsey and Coffs Harbour, will be available at Bunnings to assist schools to select and purchase appropriate equipment and plants, and to plan their garden. Crunch & Sip Support Officers can also provide assistance to schools where required.

To be eligible for the grants, schools are required to be recognised as a Crunch & Sip School (by completing the School Implementation Checklist and submitting to Healthy Kids Association), and must fill out this grant proposal form and submit it to MNCLHD Health Promotion via Fax (02) 6651 6844, or email [Hollie.sens@ncahs.health.nsw.gov.au](mailto:Hollie.sens@ncahs.health.nsw.gov.au).
