

# 2024-25 Service Agreement

An agreement between the Secretary, NSW Health and Mid North Coast Local Health District for the period 1 July 2024 to 30 June 2025

www.health.nsw.gov.au

# **NSW Health 2024-25 Service Agreement**

### Principal purpose

The principal purpose of the Service Agreement is to set out the service and performance expectations for funding and other support provided to Mid North Coast Local Health District (the Organisation), to ensure the provision of equitable, safe, high quality and human-centred healthcare services. It facilitates accountability to government and the community for service delivery and funding.

The agreement articulates direction, responsibility and accountability across the NSW Health system for the delivery of high quality, effective healthcare services that promote, protect and maintain the health of the community, in keeping with NSW Government and NSW Health priorities. Additionally, it specifies the service delivery and performance requirements expected of the Organisation that will be monitored in line with the *NSW Health Performance Framework*.

The Health Services Act 1997 (NSW) allows the Health Secretary to enter into performance agreements with public health organisations in relation to the provision of health services and health support services (s.126).

Through execution of the agreement, the Secretary agrees to provide the funding and other support to the Organisation as outlined in this Service Agreement.

# Parties to the agreement The Organisation Hon. Luke Hartsuyker **Deputy Chair** On behalf of the Mid North Coast Local Health District Board Date ....29 July 2024...... Signed ..... Mr Stewart Dowrick Chief Executive Mid North Coast Local Health District Stower Lower Date 29/7/2024 Signed ..... **NSW Health** Ms Susan Pearce AM Secretary **NSW Health** Date ...... Signed ......

# 1 Legislation and governance

### 1.1 Legislation

The Health Services Act 1997 (the Act) provides a legislative framework for the public health system, including setting out purposes and/or functions in relation to Local Health Districts (ss. 8, 9, 10).

Under the Act, the Health Secretary's functions include: the facilitation of the achievement and maintenance of adequate standards of patient care within public hospitals, provision of governance, oversight and control of the public health system and the statutory health organisations within it, as well as in relation to other services provided by the public health system, and to facilitate the efficient and economic operation of the public health system (s.122).

Under the Act, the Minister may attach conditions to the payment of any subsidy (or part of any subsidy) (s.127). As a condition of subsidy, all funding provided for specific purposes must be used for those purposes unless approved by the Health Secretary

### 1.2 Variation of the agreement

The Agreement may be amended at any time by agreement in writing between the Organisation and the NSW Ministry of Health.

The Agreement may also be varied by the Secretary or the Minister in the exercise of their general powers under the Act, including determination of the role, functions and activities of Local Health Districts (s. 32).

Any updates to finance or activity information further to the original contents of the Agreement will be provided through separate documents that may be issued by the Ministry of Health in the course of the year.

### 1.3 Conditions of subsidy

The Organisation is required to comply with the various Conditions of Subsidy set out in the <u>Financial</u> Requirements and Conditions of Subsidy (Government Grants).

### 1.4 National Agreement

The National Cabinet has reaffirmed the commitment of all Australian governments to providing universal healthcare for all Australians. This is enshrined in the 2020-2025 Addendum to the National Health Reform Agreement (NHRA). The NHRA outlines the financial arrangements for Australian public hospital services.

#### 1.5 Governance

The Organisation must ensure that all applicable duties, obligations and accountabilities are understood and complied with, and that services are provided in a manner consistent with all NSW Health policies, procedures, plans, circulars, inter-agency agreements, Ministerial directives and other instruments and statutory obligations.

#### 1.5.1 Clinical governance

NSW public health services are accredited against the <u>National Safety and Quality Health Service Standards</u>. The Organisation will complete a Safety and Quality Account inclusive of an annual attestation statement as outlined in the Standards (Version 2.0) by the 31 October each year.

The <u>Australian Safety and Quality Framework for Health Care</u> provides a set of guiding principles that can assist health services with their clinical governance obligations.

The NSW Health <u>Clinical Governance in NSW</u> policy (PD2024\_010) provides an important framework for improvements to clinical quality.

### 1.5.2 Corporate governance

The Organisation must ensure services are delivered in a manner consistent with the NSW Health Corporate Governance and Accountability Compendium.

### 1.5.3 Procurement governance

The Organisation must ensure procurement of goods and services complies with <u>NSW Health</u> Procurement (Goods and Services) policy (PD2024\_009).

#### 1.5.4 Aboriginal Procurement Policy

The NSW Government supports employment opportunities for Aboriginal people, and the sustainable growth of Aboriginal businesses by driving demand via government procurement of goods, services and construction. NSW Government agencies must apply the <u>Aboriginal Procurement Policy</u> to all relevant procurement activities.

### 1.5.5 Public health emergency preparedness and response

The Organisation must comply with standards set out in <u>Public Health Emergency Response</u> <u>Preparedness</u> policy (PD2024\_002) and adhere to the roles and responsibilities set out in <u>Early</u> Response to High Consequence Infectious Disease policy (PD2024\_005).

### 1.5.6 Performance Framework

Service Agreements are a central component of the NSW Health Performance Framework which documents how the Ministry of Health monitors and assesses the performance of public sector health services to achieve expected service levels, financial performance, governance and other requirements.

# 2 Strategic priorities

The delivery of NSW Health strategies and priorities is the responsibility of the Ministry of Health, health services and support organisations. These are to be reflected in the strategic, operational and business plans of these entities.

It is recognised that the Organisation will identify and implement local priorities to meet the needs of their respective populations taking into consideration the needs of their diverse communities and alignment with the broader NSW Health strategic priorities. In doing so they will:

- work together with clinical staff about key decisions, such as resource allocation and service planning
- engage in appropriate consultation with patients, carers and communities in the design and delivery of health services.

### 2.1 NSW Aboriginal Health Plan

The NSW Aboriginal Health Plan 2024–2034 aims to drive change to achieve the highest possible levels of health and wellbeing for Aboriginal people in NSW, in line with the National Agreement on Closing the Gap, by:

- Guiding how health systems are planned, delivered, and monitored
- Elevating the focus on Aboriginal expertise to drive shared decision-making and innovative collaborations
- Influencing the redesign of health services to achieve health equity
- Providing direction for the elimination of racism in all aspects of health care

The Plan is supported by the NSW Health Governance and Accountability Framework which promotes partnership and shared decision making and is operationalised through the NSW Aboriginal Health Transformation Agenda which NSW Health Organisations have responsibility for actioning.

### 2.2 Future Health Strategic Framework

The <u>Future Health: Strategic Framework</u> is the roadmap for the health system to achieve NSW Health's vision.

The framework is a reflection of the aspirations of the community, our patients, workforce and partners in care for how they envisage our future health system. The Strategic Framework and delivery plans will guide the decade of care in NSW from 2022-32, while adapting to and addressing the demands and challenges facing our system. There will be specific activities for the Ministry of Health, health services and support organisations to deliver as we implement the Future Health strategy, and services should align their strategic, operational and business plans with these Future Health directions.

### 2.3 Regional Health Strategic Plan

The <u>Regional Health Strategic Plan 2022-2032</u> (the Plan) outlines NSW Health's strategies to ensure people living in regional, rural and remote NSW can access high quality, timely healthcare with excellent patient experiences and optimal health outcomes. The Plan aims to improve health outcomes for regional, rural and remote NSW residents over the decade from 2022 to 2032.

Regional NSW encompasses all regional, rural and remote areas of NSW. There are nine regional local health districts in NSW: Central Coast, Far West, Hunter New England, Illawarra Shoalhaven, Mid North Coast, Murrumbidgee, Northern NSW, Southern NSW and Western NSW. Some areas of other local health districts may also be considered regional for the purpose of the plan such as South Western Sydney and Nepean Blue Mountains. The *Regional Health Strategic Plan* is also supported by the metropolitan local health districts and by the Specialty Health Networks which have patients in many regional locations.

The <u>Regional Health Strategic Plan Priority Framework</u> outlines a suite of targets for each Strategic Priority, to be achieved in the first time horizon of the Plan (years 1-3).

#### 2.4 NSW Health Workforce Plan 2022-2032

The NSW Health Workforce Plan describes the NSW Ministry of Health workforce vision and its system priorities:

- 1. Build positive work environments that bring out the best in everyone.
- 2. Strengthen diversity in our workforce and decision making.
- 3. Empower staff to work to their full potential around the future care needs.
- 4. Equip our people with the skills and capabilities to be an agile, responsive workforce.
- 5. Attract and retain skilled people who put patients first.
- 6. Unlock the ingenuity of our staff to build work practices for the future.

State-level leads have been identified to lead specific activities under the first Horizon, on behalf of the system.

However, to achieve the workforce vision, all agencies, Districts, Networks and pillar organisations are responsible for delivering on these six system-wide workforce priorities for the workforce of their organisation.

### 2.5 Single Digital Patient Record

The Single Digital Patient Record (SDPR) program will transform the digital systems and workflows that NSW public healthcare workers use every day to deliver care. All NSW Health care teams will for the first time be able to access the same information about a patient no matter their location.

To do this, the Single Digital Patient Record will replace the existing 9 electronic medical record platforms, 10 patient administration systems and 5 laboratory information management systems in use today. Building on NSW Health's collective expertise, the program will help evolve digital health service delivery to address the future needs of our patients, workforce and community.

The delivery of the SDPR will be overseen by the Single Digital Patient Record Implementation Authority (SDPRIA) in partnership with eHealth NSW, NSW Health Pathology, the Ministry of Health, Local Health Districts and other health organisations.

To achieve implementation, all agencies, Districts, Networks and pillar organisations will be responsible for collaborating and contributing to the Single Digital Patient Record.

#### 2.6 NSW Government priorities

There are several government priorities that NSW Health is responsible for delivering. These government priorities are usually reported to the Premier's Department or The Cabinet Office through NSW Health Executive. Progress on government priorities allocated to Health is monitored

by the Ministry of Health including:

- Election commitments
- Charter Letter commitments
- Inquiry recommendations

### 2.7 NSW Performance and Wellbeing Framework

The State is transitioning towards a Performance and Wellbeing Framework that reports on a broad range of indicators to benchmark its delivery of services and track the overall quality of life of the people of NSW. The Framework will also support prioritisation and accountability for the achievement of the goals set. The Performance and Wellbeing Framework comprises eight Wellbeing Themes:

- Healthy
- Skilled
- Prosperous
- Housed
- Secure
- Community
- Connected
- Sustainable

Under the framework, no single agency or portfolio is responsible for delivering on wellbeing indicators.

Each wellbeing theme has 3-4 outcomes that describe what the Government is seeking to achieve for the NSW community. The Health portfolio primarily contributes to the outcomes under the theme 'Healthy', but it also contributes to outcomes under other themes. The 2024-25 Budget presents potential indicators that could track progress against the NSW Outcomes and Wellbeing themes, these will be finalised pending public consultation during 2024-25. The proposed NSW Outcome indicators are interim and are reflective of performance indicators already in the Service Agreement, NSW Health Performance Framework, NSW Health Purchasing Framework and the funding model. A refined outcome indicator list will be set for the 2025-26 Budget.

# 3 NSW Health services and networks

Each NSW Health service is a part of integrated networks of clinical services that aim to ensure timely access to appropriate care for all eligible patients. The Organisation must ensure effective contribution, where applicable, to the operation of statewide and local networks of retrieval, specialty service transfer and inter-district networked specialty clinical services.

#### 3.1 Cross district referral networks

Districts and Networks are part of a referral network with other relevant services, and must ensure the continued effective operation of these networks, especially the following:

- Critical Care Tertiary Referral Networks and Transfer of Care (Adults) (PD2018\_011)
- Interfacility Transfer Process for Adult Patients Requiring Specialist Care (PD2011\_031)
- NSW Paediatric Clinical Care and Inter-hospital Transfer Arrangements (PD2023\_019)
- <u>Tiered Networking Arrangements for Perinatal Care in NSW</u> (PD2023\_035)
- Accessing inpatient mental health care for children and adolescents (IB2023\_001)
- Adult Mental Health Intensive Care Networks (PD2019\_024)
- State-wide Intellectual Disability Mental Health Hubs

### 3.2 Critical and specialist care

Service name	Unit	Locations	Service Requirement
Adult Intensive Care Unit – Level 6 services	Beds/NWAU	Royal North Shore (38) Westmead (49) Nepean (21) Liverpool (40) Royal Prince Alfred (51) Concord (16) Prince of Wales (23) John Hunter (30) St Vincent's (21+1/290 NWAU24) St George (36)	Services to be provided in accordance with the <u>Critical Care Tertiary Referral Networks &amp; Transfer of Care (Adults)</u> policy.  Units with new beds in 2024/25 will need to demonstrate networked arrangements with identified partner Level 4 AICU services, in accordance with the recommended standards in the NSW Agency for Clinical Innovation's <u>Intensive Care Service Model: NSW Level 4 Adult Intensive Care Unit</u> .
Neonatal Intensive Care Service	Beds/NWAU	Sydney Children's Hospitals Network (SCHN) - Westmead (23) Royal Prince Alfred (22) Royal North Shore (17) Royal Hospital for Women (18) Liverpool (17+1/325 NWAU24) John Hunter (20) Nepean (12) Westmead (24)	Services to be provided in accordance with the <u>NSW</u> Paediatric Clinical Care and Interhospital Transfer Arrangements policy
Paediatric Intensive Care	Beds/NWAU	SCHN – Randwick (18) SCHN - Westmead (24) John Hunter (7)	Services to be provided in accordance with the <u>NSW</u> <u>Paediatric Clinical Care and Interhospital Transfer Arrangements</u> policy

Service name	Unit	Locations	Service Requirement
Extracorporeal Membrane Oxygenation Retrieval	Access	Royal Prince Alfred St Vincent's SCHN	Services to be provided in accordance with the NSW Agency for Clinical Innovation's <u>ECMO</u> services – Adult patients:  Organisational Model of Care and ECMO retrieval services – Neonatal and paediatric patients:  Organisational Model of Care
Mental Health Intensive Care	Access	Hornsby - Mental Health Intensive Care Unit Mater, Hunter New England – Psychiatric Intensive Care Unit Orange Health Service Bloomfield – Lachlan Adult Mental Health Intensive Care Unit Concord - McKay East Intensive Psychiatric Unit Cumberland – Yaralla Intensive Psychiatric Care Unit Prince of Wales - Mental Health Intensive Care Unit Forensic Hospital, Malabar (second tier referral facility)	Provision of equitable access. Services to be provided in accordance with the Adult Mental Health Intensive Care Networks policy
High risk maternity	Access	Royal Prince Alfred Royal North Shore Royal Hospital for Women Liverpool John Hunter Nepean Westmead	Access for all women with high risk pregnancies, in accordance with the <u>Tiered Networking</u> <u>Arrangements for Perinatal Care in NSW</u> policy
Severe Burn Service	Access	Concord Royal North Shore SCHN - Westmead	Services to be provided in accordance with the NSW Agency for Clinical Innovation's <u>NSW Burn Transfer Guidelines</u> .
State Spinal Cord Injury Service	Access	Prince of Wales Royal North Shore Royal Rehab SCHN – Westmead and Randwick	Services to be provided in accordance with the <u>Critical Care</u> Tertiary Referral Networks & Transfer of Care (Adults) and the NSW Paediatric Clinical Care and Inter-hospital Transfer Arrangements policies.
Endovascular clot retrieval	Access	Royal Prince Alfred Prince of Wales Royal North Shore Westmead Liverpool John Hunter SCHN	As per the NSW Health strategic report - Planning for NSW NI Services to 2031

# 3.3 Transplant services

Organ transplant services are dependent on the availability of matched organs in accordance with the Transplantation Society of Australia and New Zealand, <u>Clinical Guidelines for Organ</u> <u>Transplantation from Deceased Donors, Version 1.11 — May 2023</u>.

Referral pathways for Haematopoietic Stem Cell Transplantation are detailed in the Agency for Clinical Innovation Bone and Marrow Transplant Network's <u>NSW Protocol for Autologous</u> Haematopoietic Stem Cell Transplantation for Systemic Sclerosis.

Service name	Unit	Locations
Heart, Lung and Heart Lung Transplantation	106	St Vincent's
Adult Liver Transplant	Access	Royal Prince Alfred
Organ Retrieval Services	Access	St Vincent's Royal Prince Alfred Westmead
Paediatric Heart Transplant	Access	Westmead
Blood and Marrow Transplantation – Allogeneic	Number	St Vincent's Westmead Royal Prince Alfred Liverpool Royal North Shore SCHN – Randwick SCHN - Westmead
Haematopoietic Stem Cell Transplantation for Severe Scleroderma	Number	St Vincent's

### 3.4 Strategic infrastructure

Service name	Locations
Cyclotrons	Royal Prince Alfred Liverpool
Blood and Marrow Transplant Laboratory	St Vincent's - services Gosford
	NSW Health Pathology – Westmead Institute of Clinical Pathology and Medical Research (ICPMR) – services Nepean, Wollongong and SCHN – Westmead
	NSW Health Pathology – Prince of Wales – <i>services SCHN</i> - <i>Randwick</i>
Hyperbaric Medicine	Prince of Wales
Biocontainment unit	Westmead

### 3.5 Implementation of new health technologies

These services are listed in the Service Agreement according to the NSW Health <u>Guideline for New Health Technologies and Specialised Services</u> (GL2022\_012).

When fully implemented, these services will be transitioned into activity-based service provision and may be transitioned to local governance and removed from the Service Agreement.

Service name	Locations
CAR T-cell therapy delivered for the following clinical indications in accordance with individual agreements between the Ministry of Health and delivery sites::	
Acute lymphoblastic leukaemia (ALL)	SCHN Royal Prince Alfred Westmead
Adult diffuse large B-cell lymphoma (DLBCL)	Royal Prince Alfred Westmead
Adult mantle cell lymphoma (MCL)	Royal Prince Alfred Westmead
Gene therapy for inherited retinal blindness	SCHN
Gene therapy for paediatric spinal muscular atrophy	SCHN - Randwick
Telestroke	Prince of Wales
High risk Transcatheter Aortic Valve Implantation (TAVI)	St Vincent's Royal Prince Alfred Royal North Shore South Eastern Sydney Local Health District John Hunter Liverpool Westmead

### 3.6 Nationally Funded Centres

All patients across Australia can be accepted onto Nationally Funded Centre programs in line with the *Nationally Funded Centre Agreement*.

Service name	Locations
Pancreas Transplantation	Westmead
Paediatric Liver Transplantation	SCHN - Westmead
Islet Cell Transplantation	Westmead

### 3.7 Other organisations

The Organisation is to maintain up to date information for the public on its website regarding its facilities and services including population health, inpatient services, community health, other non-inpatient services and multipurpose services (where applicable), in accordance with approved role delineation levels.

# 4 Budget

# 4.1 Budget Schedule: Part 1

	2024/25 BUDGET					
	Mid North Coast Local Health District	Target Volume	Activity Based Funded Services	Small Hospitals and Other Block Funding	Initial Budget 2024/25	
	State Efficient Price - \$5,675 per NWAU24	NWAU24	(\$ '000)	(\$ '000)	(\$ '000)	
	Acute Admitted	69,519	\$383,762	\$38,280	\$422,043	
	Emergency Department	20,009	\$116,559	\$6,631	\$123,190	
	Sub-Acute Services	7,308	\$31,081	\$19,007	\$50,088	
	Non Admitted Services - Incl Dental Services	21,836	\$122,735	\$30,158	\$152,893

E	Restricted Financial Asset Expenses				\$967	
F	Depreciation (General Funds only)				\$36,138	
G	Total Expenses (G=A+B+C+D+E+F)	128,982	\$691,680	\$155,816	\$884,601	
Н	Other - Gain/Loss on disposal of assets etc				\$594	
	GF Revenue - ABF Commonwealth Share				(\$282,703)	
	GF Revenue - Block Commonwealth Share				(\$34,133)	
	Revenue excluding ABF & Block Commonwealth Share				(\$547,443)	
	LHD Revenue Tota	al			(\$864,279)	
J	Net Result (J=G+H+I)				\$20,915	

The Initial Budget splits have been informed by costs reported in the 2022-23 District and Network Return submission. In line with the devolved health system

governance, Districts and Networks have the flexibility to determine the application and reconfiguration of resources between services that will best meet local

needs and priorities.

The Initial Budget reflects a 6.9% increase compared to the annualised amount of \$827.71 M, which was reviewed by Districts and Networks through the forward estimates process in March-April 2024.

# 5 Purchased volumes and services

### 5.1 Purchased activity

Activity stream	Strategic Outcome	NWAU24
Acute	6	69,368
Emergency Department	6	20,009
Sub-Acute – Admitted	6	7,308
Non-Admitted	6	18,154
Public Dental Clinical Service – Total Dental Activity (DWAU)	6	19,158
Mental Health – Admitted	6	6,556
Mental Health – Non-Admitted	6	3,755
Alcohol and other drug related – Admitted*	6	151
Alcohol and other drug related – Non-Admitted*	6	1,357
Total		128,982

<sup>\*</sup> Alcohol and other drug activity is a subset of acute, sub-acute or non-admitted

# 5.2 Priority programs - New Policy Proposals (NPP)

The Organisation has received an allocation of the NSW Government investment in NPPs for initiatives that will improve outcomes for the people of NSW.

Funding, allocated as block, activity or mixed, is included in the Organisation's initial budget in Schedule 4 Budget or purchased activity in Section 5.1 Purchased activity.

Program or initiative	Strategic outcome	Allocation method	Benefit / outcome / performance metrics
Response to the Special Commission of Inquiry into the drug 'Ice'  Multiyear budget allocated in 2023-24 Service Agreement with an additional allocation in 2024-25 for MERIT program expansion  • Substance Use in Pregnancy and Parenting (SUPPS) expansion (including access to sustained home	3.8	Block	Improvement in the following domains, with measures to be developed in collaboration with the Ministry of Health, including:  Utilisation/access to treatment  Quality treatment and integration of care
<ul><li>visiting)</li><li>Management of methamphetamine in Opioid Agonist Treatment</li></ul>			<ul> <li>Home visiting at a minimum of 12 months post birth for new SUPPS service/s</li> </ul>
<ul> <li>Additional inpatient withdrawal management services</li> </ul>			Outcomes that matter     Positive consumer experiences
<ul> <li>In reach / Outreach / Brief Intervention (IOBI) multidisciplinary team</li> </ul>			<ul> <li>Positive consumer experiences</li> <li>Workforce retention and positive workforce experience</li> </ul>

Program or initiative	Strategic outcome	Allocation method	Benefit / outcome / performance metrics
<ul> <li>Workforce expansion and training position establishment across programs</li> <li>Magistrates Early Referral Into Treatment (MERIT) Program enhancement including supplementation, separate to any Ministerially Approved Grant, to the agreed NGOs</li> </ul>			MERIT funding guides 2023-24 and 2024-25 outline the performance expectations for this diversion program investment
Paediatric Allied Health Practitioner enhancement	2.4	Both	The organisation will ensure there is an enhanced paediatric allied health workforce with the appropriate skill mix to deliver developmental services for children for the following outcomes:  • More children accessing paediatric allied health for developmental concerns in a
			timely way
Community Mental Health Enhancements	3.6	Block	The organisation will ensure additional workforce with the appropriate skill mix including:
			<ul> <li>Community Mental Health Teams (CMHT) to strengthen capacity to assertively support consumers with unique mental health needs in regional areas.</li> </ul>
			to deliver the following outcomes:
			<ul> <li>Increased service capacity and access to existing Assertive Adult Teams.</li> </ul>

# 6 Performance against strategic objectives

# 6.1 Key performance indicators

The performance of the Organisation is assessed in terms of whether it is meeting key performance indicator targets for NSW Health strategic priorities.

Detailed specifications for the key performance indicators are provided in the KPI Data Supplement.

#### 6.2 Performance deliverables

Key deliverables will be monitored, noting that indicators and milestones are held in detailed program operational plans.

### 6.2.1 Future Health Delivery Actions

#### 6.2.2 Value based healthcare

### Increasing same day surgery for selected procedures, where it is safe to do so

Changes in surgical technique and models of care have led to procedures that traditionally required an overnight stay to transition to same day planned surgery for the majority of patients. As well as established day only surgeries, the Agency for Clinical Innovation, through review of evidence in consultation with clinical experts, has identified a set of procedures that should routinely be scheduled as same day (within 23 hours) unless otherwise indicated.

### Reducing patients' stays in hospital for common orthopaedic procedures

The growth in international and local evidence has also identified the opportunity for NSW Health to spread existing care pathways for joint replacements, some of the most common procedures in NSW, that reduce length of stay without compromising patient outcomes.

In line with aspirational targets on the NSW Health website, the organisation will work to safely

- increase the percentage of selected procedures completed as same day cases
- reduce the average length of stay for hip and knee replacements

Achieving these targets will improve access to surgical services across the NSW public health system, improve patient experience and reduce the risk of hospital acquired complications.

These targets do not override clinical decision making and will not contribute to the Organisation's performance level in 2024-25, but will be monitored by the Ministry of Health to inform the implementation process.
