

ndis & Patients with Disability

Masterclass for Health Professionals

Feel like you're missing a piece of the NDIS puzzle? Want to feel more confident when supporting patients with disability?

These **30-minute sessions** will provide Health staff:

- greater understanding of the NDIS and its interface with Health;
- greater knowledge, skills and confidence to support patients with disability;
- greater capacity to achieve better outcomes for patients with disability and the LHD.

NDIS: Intro to the NDIS

Everything from eligibility to how it all works.

NDIS: Access & Eligibility

How to apply, what evidence you need, and how you can help.

NDIS: Functional Capacity

How the NDIS assesses participants, their needs, and which supports to fund.

NDIS: What is Funded?

Which supports does the NDIS provide, and what else is available.

NDIS: Health/NDIS Interface

How the NDIS interfaces with Health, and how to avoid traffic jams with beds.

NDIS: Psychosocial Disability

Psychosocial disability and how it all works with the NDIS.

Online sessions are available Tuesday and Thursday each week from 5 March - 11 April 2024. Register on My Health Learning.

Alternatively, you can **book an in-service for your staff!**
